**DECKING BALUSTRADING**

## CORE DECK

### Stop Chamfered Softwood

The robust nature of our stop chamfered range means that it can take everything that our weather throws its way and still look great.

## CORE DECK

### Turned Softwood

Your garden may change with the seasons but our turned decking range remains a timeless classic. It's one of our most versatile designs and works beautifully in gardens of all shapes and sizes.

## CORE DECK

### Square Softwood

For those looking for the purest counterpoint to their garden, our square range is the perfect choice. They're still made from the same quality pine as the rest of our decking range. We never sacrifice quality especially where functionality is its strongest feature.

## CORE DECK

### American Softwood

There's no doubt the design of our American range is engrained with its colonial heritage. Recalling the simple utility and rustic appeal of nineteenth century Shaker style, this range is intended to be functional yet still achieves an effortless beauty.

## CLEAR DECK

### Clear Softwood

Clear Softwood blends the natural warmth of quality timber with dazzling glass balusters for a deck that blends traditional and modern. The result is a beautifully framed panoramic view of your entire garden.

## MODERN DECK

### Modern Deck

Our low maintenance aluminium extrusion balustrade system boasts zinc brackets and a hardwearing powder coated exterior for an ultra-modern, sleek finish that accords a level of sophistication to any outdoor project. It's simple to install and can be combined with our other decking ranges for extended flexibility.
